Hi, I'm Heather Heick.
Denver based,
Senior **Graphic Designer**
& Assistant **Art Director.**

I've been communicating visually for 13+ years both in an in-house design studio and at-home freelance setting. I work with both clients and outside vendors as well as mentoring our junior designers. I love challenges and problem solving with design as well as learning new tricks of the trade. I'm constantly ever-evolving as a individual both professionally and personally and I love the direction in where I am headed. I strive to be the best version of myself and as much as I support the local company, my personal mantra is to Be A Good Person.

Experience.

2008-2014	Junior Graphic Designer <i>Colliers International</i>
2014-2021	Senior Graphic Designer & Assistant Art Director <i>Colliers International</i>
2008-2021	Freelance Designer <i>heather crayons</i>
